CADA - The first coffee plantation in the Central Highlands established 100 years ago by French colonialists.

At the altitude of 500m above the sea level while being surrounded by Cu Drang mountain range with favorable soil characteristics and climate conditions for Robusta coffee in Vietnam, which are typical natural advantages, CADA is a place where not only coffee trees can grow well but also gives high quality Robusta coffee with distinctive flavor compared to other lands.

With UTZ certified Standard and using wet processing, all the coffee beans from CADA are imported more than 30 countries around the world.

CADA由法国殖民者于100年前在中部高地建立的第一个咖啡种植园。海拔500M，四周环绕着CU DRANG山脉，具有生长越南罗布斯塔咖啡的良好土壤特性和气候条件，是越南典型的自然优势，CADA不仅是咖啡树生长良好的地方，而且还出产高品质的罗布斯塔咖啡，与其他土地相比，风味独特。CADA咖啡豆均采用UTZ认证标准并采用湿法加工，由全球30多个国家进口。
